50,000 TROOPS MAY GO TO CUBA

DELEGATE WON'T STAY

Taft-Roosevelt Scramble Is Cause—Alternate Marciano Takes Place.

(Special Bulletin Cable.)
WASHINGTON, D. C., JUNE 7.—DELEGATE KUHIO HAS STARTED HOME. HE IS DISGUSTED WITH THE TAFT-ROOSEVELT SCRAMBLE.

A. Q. MARCALLINO, ALTERNATE FROM OAHU, WILL TAKE THE PLACE OF THE DELEGATE AT THE CHICAGO CONVENTION.

C. S. ALBERT.

BATTELLE SUGAR PROCESS BEING GIVEN TRY-OUT

Tests on the Battelle sugar process were begun last Monday on Ewa plantation, and from now on this process, for which its inventor, E. E. Battelle of Walling, and others claim startling results, will be in operation, closely watched by sugar men all over the islands. Noel Deerr of the Sugar Planters' Experiment Station is out at Ewa in active charge of the tests in the fifteen-ton-per-day boiling house that has been built to give the process a thorough try-out. The experiment is under the general supervision of Director Eckhart of the planters' experiment station.

PERMANENT OR TEMPORARY? IS HILO WHARF PROBLEM

Belief That Money Will Be Saved and No Time Lost By Permanency.

DISCUSSION OF PUBLIC POLICY AND CONSTRUCTION

Reef Must Be Dredged Before Wharf Can Possibly Be Used—No Delay By Call for New Bids.

Editor Evening Bulletin:—The settlement of the Hilo wharf question now pending before the Board of Harbor Commissioners of the Territory is one that should have careful consideration in order that the public may get without serious delay that form of construction which will be as nearly as possible permanent. A temporary structure which can last but a few years at most and must then be renewed at the expense of

CUBAN ORDERS

(Associated Press Cable.)
WASHINGTON, D. C., JUNE 7.—FOUR TRANSPORTS HAVE BEEN ORDERED BY THE WAR DEPARTMENT HELD IN READINESS TO TAKE 50,000 TROOPS TO CUBA.

TWO GIVEN HIGH HONORS AT PUNAHOU

Scholarship honors are given this year by Oahu College to two of its students, Robert Alexander Anderson and Milton Lyle Holmes. President Griffiths announced this today in conjunction with the announcement of the commencement exercises.

The annual commencement program is practically complete, although a meeting to decide on the date and program for Alumni Day was held today. Usually Alumni Day falls on Thursday, but this year Clean-Up Day is to be held on Thursday, June 20, which causes a conflict that, it was expected this morning, would be avoided by setting Alumni Day on another date.

The exercises will begin next Sunday evening, June 18, with the baccalaureate sermon to the graduates in Central Union church, beginning at 7:30 o'clock. The Punahou Glee Club will sing. Rev. Robert E. Smith, pastor of the Methodist Episcopal church, will deliver the sermon to the young graduates.

On Wednesday morning, June 19, at 9:30 o'clock, Punahou Preparatory (Continued on Page 4)

SUGAR

SAN FRANCISCO, Cal., June 7.—Beets: 88 analysis, 12c; purity, 45c. Previous quotation, 11c 10 1-2d.

W. E. Wall and the Territorial government have agreed to an exchange of land that will enable the pumping plant of the Maunaloa Valley extension to be erected on the mauka side of Wilder avenue, and that the mauka of the Punahou college campus.

No freight will be received by Inter-island steamers on Tuesday, June 11th. Freight for steamers Mauna Kea, Kinau and Mikalala will be received on Saturday and Monday.

NEW SONOMA ON MAIDEN VOYAGE

O. S. S. Sonoma, Which Arrived This Morning, After an Absence of Six Years.

Reconstructed Oceanic Liner Makes Hit With Passengers

Complete in every appointment and leaving nothing to be desired as a safe, commodious and speedy steamer, the Oceanic liner Sonoma made its bow to Honolulu's waterfront this morning after an absence of six years. Many of the old-timers in shipping and business circles took occasion to rub their eyes as the huge vessel pushed her nose through the waters of the harbor and soon came alongside the Oceanic pier.

The last visit of the Sonoma to this port was upon her retiring voyage from the Australian and New Zealand service. For over a twelvemonth the Sonoma, like the Ventura, has been in the hands of the shipwrights at the Union Iron Works. That the force of

MORE DRYDOCK CHANGES; SMITH MAY GO TO WASH.

There are more changes in the Pearl Harbor drydock, and there is a good chance of the force of workmen again being skinned down to a minimum, while F. B. Smith, engineer and superintendent of the San Francisco Bridge Co., the contractors, makes a flying trip to Washington to talk the matter of material over with the chief of the Bureau of Yards and Docks. This does not mean that the concrete tests that were recently made have proved unsatisfactory, but that still further tests are being made by the Navy engineers with a view to secure a mixture that will be equally as good and less costly. The matter of extra compensation for the contractors for going outside the original specifications is an important one, and the company is in no hurry to start in "pouring" until an agreement has been reached on this point, or if there is a chance of again changing the specifications within a short time.

The official O. & D. of "Y and D" has been put to the work of the Navy engineers and the new mixture that by exhaustive experiments was found satisfactory. However, the board of officers that is to adjust the matter of extra cost has yet to meet, and the

CLEAN-UP DAY CAMPAIGN IS GATHERING STRENGTH DAILY

CLEAN-UP DAY DEVELOPMENTS. Board of Agriculture puts force of fruit-fly inspectors at disposal of Oahu Central Improvement Committee. Business houses of Honolulu practically unanimous in requests for Acting Governor Mott-Smith to declare holiday on Clean-Up Day, June 29. Improvement clubs organize captains and district forces for big municipal house-cleaning.

U. S. SENDS INSPECTOR OF FOODS

News has been received here that the Federal Government is to take a more active hand in the inspection of food products in the Territory, in addition to its preparations recently announced, to take charge of the fruit inspection.

Food Inspector Blanchard, who to date has been handling the general work for both the Territory and Federal Government, announced this morning that an assistant chemist from the Federal laboratory at Chicago has been detailed to Honolulu, to collaborate with Blanchard, and that the man, Inspector Hansen, was due to sail from San Francisco for this port yesterday.

He will share the offices of Inspector Blanchard, using the same laboratory, and will conduct investigations of foods and attend largely to the prosecution of persons and corporations violating the National pure-food laws. Heretofore all such work has been done by Blanchard, and most of the prosecutions have been carried only into Police Court. After Hansen's arrival it is expected that the two inspectors, working together, will be able to devote more attention to individual cases.

"TAGGERS" FOR CHARITY READY; SELL TOMORROW

Preparations for tomorrow's Tag Day campaign are now complete and the big force of taggers enlisted by the King's Daughters to harvest the building fund for the new Home have been assigned their stations and equipped with their tags, collection banks and purple insignia. The actual work of tagging the community will begin at 8 o'clock tomorrow morning and will close at 2 o'clock in the afternoon.

No specific price will be charged for the tags and while the King's Daughters have been assured that the contributions from many sources will be liberal, the tags may be purchased for any coin available. The following is the roll of "taggers" and their respective stations and beats:

Pacific Heights and Alewa Heights—Mrs. H. L. Kerr, Mrs. Willis T. Pope, and Miss Christina Gertz. Nuuanu Valley—Mrs. E. A. Jones, Mrs. C. H. Tracy, Mrs. J. P. Whine, Miss Jane Winnie, Miss Nora Sturgeon, Miss Helen Jones, Miss Hester Pratt, Miss Catherine Pratt, Miss Edna Ferguson, and Miss Lucy Diamond. Fort Shafter, Pot Factory and Fertillizer Works—Mrs. Joseph French, Jr. (Continued on Page 2)

Supervisor Eben Low left for Hawaii at noon today to meet his brother, Jack Low, who is critically ill at Kukuhaele. It is Eben's intention to bring his brother to Honolulu, if possible, and upon his arrival there he will consult the physicians before doing anything for his sick brother.

The Supervisors it is believed will look with favor on the project of curbing a 12-foot parkway along Kala-kaua avenue upon the recommendation of Supervisor Murray. Three thousand dollars is to go into the new appropriation bill to cover the cost of this improvement.

MEMORIALS

We have the largest stock in the city of both Granite and Marble.

Orders will have our prompt attention.

CONTESTS IN FAVOR OF TAFT

BITTER ATTACK MADE ON TAFT'S POSTMASTERS

(Special Bulletin Cable.)
CHICAGO, Ill., June 7.—Contesting the Taft delegate from the Ninth district in Alabama, the Roosevelt men claimed that the Taft man was elected by a bolting convention. In the Arkansas contest, the Roosevelt forces are charging that the organization of Federal postmasters, controlled by Taft, dominated the convention, and that these postmasters are Federal job-holders solely through and for the distribution of patronage.

ROOSEVELTERS LOSE IN ARKANSAS DISTRICT CONTEST

(Special Bulletin Cable.)
CHICAGO, Ill., June 7.—Four Taft delegates from the first and second Arkansas districts were seated today by the national committee by a vote of 49 to 2, thus adding to the victories won during the day by the supporters of Taft. Senator Dixon denies a report that he is to be supplanted as Roosevelt's manager. Senator Perkins of California has arrived. He says he is confident that Roosevelt will be nominated.

TEDDY MAY GO TO CHICAGO TO TAKE CHARGE

(Special Bulletin Cable.)
CHICAGO, Ill., June 7.—Roosevelt may be here next week to take personal charge of the campaign preceding the convention.

(Associated Press Cable.)
CHICAGO, Ill., June 7.—Taft delegations, though contested by the Roosevelt forces, won today in the decisions by the national Republican committee in session here.

All twenty-four of the Alabama Taft delegates were seated, and six at large and two each in five districts were contested. There was only one contest in the Ninth district. The vote in the committee was 38 to 15. Four Arkansas Taft delegates were seated unanimously.

Attorney Ormsby McHarg represents Roosevelt. The motion of Senator Borah of Idaho that a request from eight for a roll-call be sufficient, was defeated.

ABE RUEF NOW WANTS PAROLE

(Special Bulletin Cable.)
SAN FRANCISCO, Cal., June 7.—Abe Ruef, convicted San Francisco boss, will appeal tonight for parole from San Quentin to the parole board, Judge Lawler, before whom the Ruef case was tried, has refused to indorse the petition.

TAFT ASKS HIM TO NOMINATE

(Associated Press Cable.)
COLUMBUS, O., June 7.—Taft has written to Warren G. Harding, former lieutenant governor of Ohio, asking him to present his name to the Chicago convention.

FEDERAL JUDGE ATTACKED BY SOCIALIST LEADER

(Special Bulletin Cable.)
WASHINGTON, D. C., June 7.—Congressman Victor Berger, the Socialist, today began impeachment proceedings against Federal Judge Hanford of Seattle, the jurist who barred Leonard Olsen from citizenship because Olsen admitted on examination that he was a Socialist.

SUPREME COURT CURBS COMMERCE COURT RULE

(Special Bulletin Cable.)
WASHINGTON, D. C., June 7.—The Supreme Court today reversed the Commerce Court in many important decisions, holding to the technical grounds that the Commerce Court in its activities must not supplant the Interstate Commerce Commission.

SONOMA OFFICERS MILLIONAIRES WHILE VISITING CENTRAL AMERICA

"If you want to play the role of millionaire for a matter of minutes or hours, borrow ten dollars backed up by the guarantee from Uncle Sam, go to Guatemala on the Central American coast, remain there long enough to sidestep the alligators and make acquaintance with the thrifty little fleas, change your American money into Guatemalan currency. You will find that the native money will have to be stored away in a suitcase for convenience."

This is the way Dr. George W. Clark, the merry little surgeon on the Oceanic liner Sonoma, sizes up the situation, following a round trip to Panama and the Central American republics in the Sonoma, which carried a select party of 300 travelers, members of the Pacific Coast Chambers of Commerce, on an excursion.
